Introducing...

MTC Bio's SofTouch™ ULF™ Pipettors

MTC Bio's SofTouch ULF™ Pipettors combine high-performance liquid handling with 100% LTS® style tip compatibility, offering a versatile alternative for everyday laboratory pipetting.

Designed for precision, comfort, and ease of use, SofTouch ULF™ Pipettors feature a low-force tip ejection system to help reduce the effort required during repetitive pipetting tasks. SofTouch™ Pipettors boast a unique spring and seal piston design that offers the smoothest pipetting experience available, even compared to competing LTS® Pipettors.

Available in single-channel and multichannel configurations, SofTouch ULF™ Pipettors accommodate a variety of laboratory workflows while providing compatibility with LTS-style tips and MTC Bio ULF tips.
